

iPower Authorizes \$2 Million Share Repurchase Program, First in Company History

February 10, 2026

RANCHO CUCAMONGA, Calif., Feb. 10, 2026 (GLOBE NEWSWIRE) -- iPower Inc. (Nasdaq: IPW) ("iPower" or the "Company") today announced that its Board of Directors has approved a share repurchase program for the first time in the Company's history, with unified support from all of the Company's creditors.

The share repurchase program reflects alignment across iPower's capital structure and confidence in the Company's financial position and strategic direction. The Company expects to implement the up to \$2,000,000 share repurchase program in the near future, subject to market conditions and applicable regulations.

"This is a meaningful milestone for iPower," said Lawrence Tan, Chief Executive Officer of iPower. "Authorizing our first-ever share repurchase program — with the unified support of all creditors — underscores the progress we have made in strengthening our balance sheet and helps position the Company for disciplined, long-term value creation."

iPower noted that the combination of new capital, recent cost-structure improvements, and Board authorization of a share repurchase program provides the Company with greater flexibility in capital allocation, while continuing to support its operating priorities and previously announced strategic initiatives.

About iPower Inc.

iPower Inc.
